

INTERNATIONAL FINE ART

GRIEGER G

---

Grieger

## **WE MAKE GOOD PHOTOGRAPHY GREAT**

For half a century, we have been working in large format and creating photo art up to 500 x 240 cm. Many artists appreciate Grieger's mix of modern technology and the charm of a customer-focused company founded on craftsmanship. Just as we can take your work to greatness, we are equally pleased to advise you in a no-obligation discussion. Let's speak about the details.

---

Anything goes

## **THE FOCUS IS ALWAYS ON THE ART**

Whether a famous museum, renowned gallery, established artist or an up-and-coming talent – we find the individual solution for your project.

Our Artservice guarantees **100% satisfaction**, saves a huge amount of time and conserves valuable resources.

---

Fine art – full service

## **EXPERTS FOR HIRE**

The close personal and constructive working relationship with the customer is most precious to us. That's why we have a whole laboratory working exclusively for you. From the RAW file to the finished artwork: Benefit from the know-how of our specialists and simply agree a date.

---

## For the perfect image **FROM PHOTO TO ARTWORK**

Speak with us about the suitable use of technology and materials. Then we would like to realise your visions through extensive and face-to-face advice of the highest artistic quality.

Perfect image quality in large format

**DIASEC®**

We are among the pioneers of acrylic glass sealing and have an exclusive licence. Formats up to 500 x 240 cm guarantee powerful colours, strong contrasts and impressive depth effect. The frameless presentation also creates unlimited width. Superb side effect: The image is protected from environmental influences.

Grieger exclusive  
**FROM DÜSSELDORF OUT  
INTO THE WORLD**

Our project service offers services that extend beyond the mere production of your image. For example, we organise transport all over the world – air-conditioned as well, if required. We are not happy until we have placed your artwork on site in the perfect setting.
